

Aoyuan Group is bringing their trademark philosophy of building a healthy lifestyle to Toronto with M2M, their largest master-planned community in Canada to date. Founded in 1996, Aoyuan which translates to Olympic Garden, was the first developer in China to integrate residential real estate with sports and recreation amenities, based on the idea that exercise and healthy living starts from home.

Two decades later, Aoyuan remains committed to building healthy communities with a current land bank of over 300 million square feet, and a robust portfolio of residential developments and large-scale commercial and retail projects in more than 60 cities across China, Australia and Canada. Their healthy living philosophy has also expanded to several business arms including residential and commercial development, property management, cultural and tourism, hospitality and e-commerce.

Now, Aoyuan is introducing their broad lifestyle intelligence to Toronto, creating a community made to matter.
