2) Logo Use

- In general, we ask that you respect our trademarks
- Please do use the official project logo. You will always get first access to assets as part of our Circle of Friends
- Note that written consent is required for use of any of our corporate logos, ie. “The Remington Group” and “Downtown Markham”
- Use of our corporate logos without written consent from Remington on your website or in marketing materials is strongly discouraged. We like to have control of how our logo appears.

3) Brochures

- We invest a lot in developing our marketing materials. Brochures do remain our intellectual property and while we invite you to share them in your marketing efforts, we request that you do so in full, without editing of the materials

4) Registrations

- When collecting registrations we want to avoid any confusion about who is soliciting personal information
- Please clearly indicate your company/name in the header or subhead of your registration form
- Any registrations pertaining to Remington projects should include a checkbox that states:
 I understand that I am not registering with the developer of this project.
- This checkbox should be “required”, meaning that the registrant must click the box before submitting the form

5) Language

We ask that brokers refrain from using the following terms in reference to Remington projects:

- “VIP” or “VIP Access”
- “Platinum” or “Platinum Access”

Please do use “Exclusive Circle of Friends Preview” or “Exclusive Circle of Friends Access!” and display your Circle of Friends Seal.
